To whom it may concern:

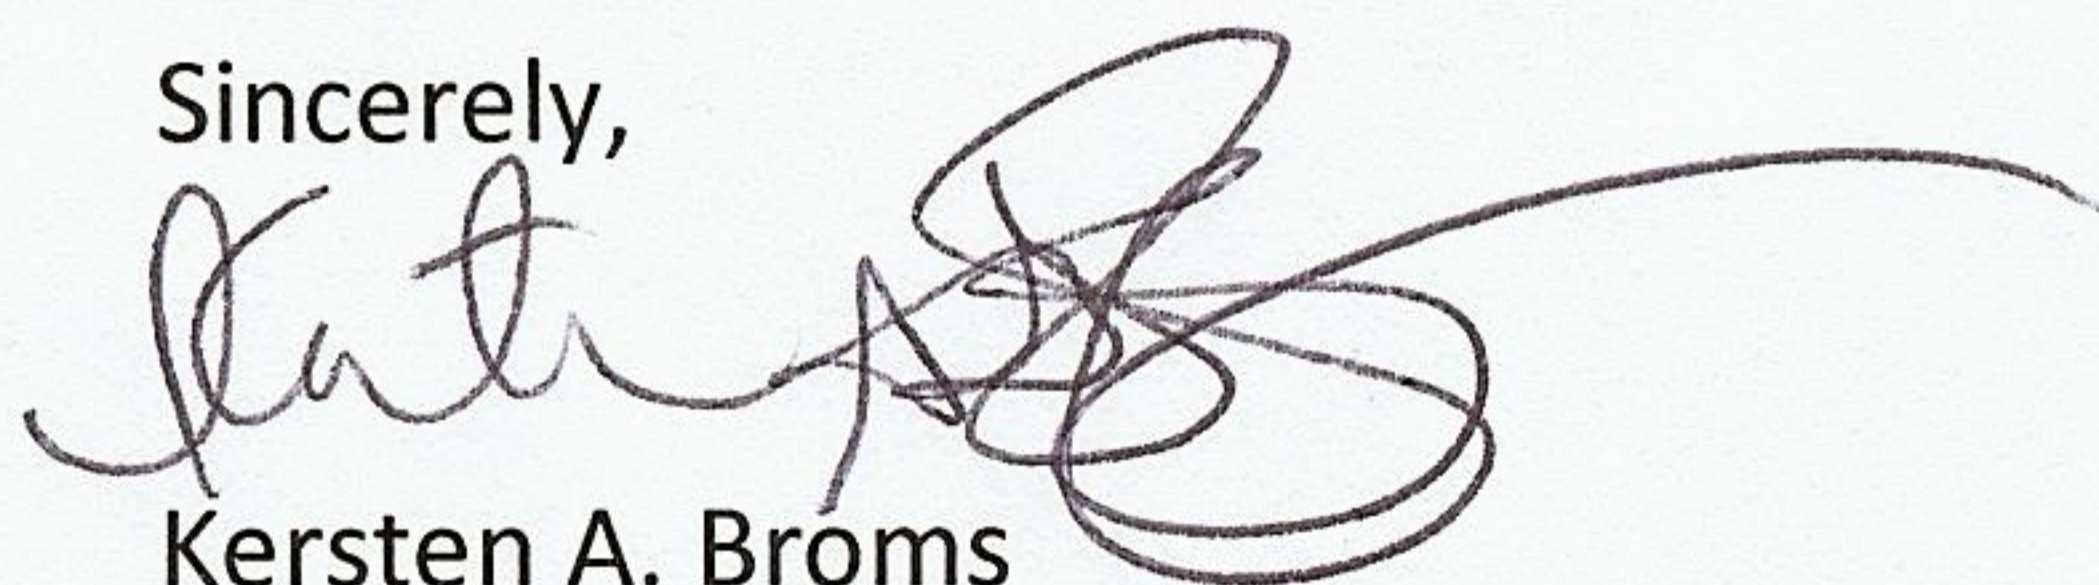

This fall I engaged Todd Albert Homes, LLC, to renovate my home, with projects including wallpaper removal, interior and exterior paint, carpet replacement, building a fence, new bathroom ventilation, new kitchen ventilation, new gas line to my patio, new door hardware, new wood trim, new light fixtures and switches, and other miscellaneous items and repairs throughout my home.

The renovation is now complete, and I am *extremely* pleased with the results. Todd Richendollar and his subcontractors were trustworthy, easy to work with, they all had an eye for detail, and they all completed their work promptly without sacrificing quality or cleanliness. During the course of our renovation a few challenges arose that required creative solutions; Todd was there to provide sensible, beautiful solutions without skipping a beat.

At the beginning of my project I was not considering hiring a contractor; I thought I could do all the leg work needed on my own, and that I would save money in the process. I met Todd through a reference to All Color Painting, and in the process of bidding our painting jobs he mentioned that he is also in the business of building and renovating homes. After comparing Todd's bids for work with those of others I decided to use Todd Albert Homes, LLC, because they were very price competitive, consistently communicative, and had a wealth of resources available. I am so glad I did not attempt this renovation on my own; the value provided by Todd Richendollar, his company, and his subcontractors far and away beat my expectations and allowed me to complete my project in a timely manner with professional, beautiful results.

Thank you to Todd and all of his subcontractors for their hard work, expertise, and wonderful results!

Sincerely,

Kersten A. Broms
